Specs/General Info:

For inground pools and spas

Weighted Energy Factor (WEF): 10.7 (115V), 10.2 (230V)

Operates between 600-3450 RPM (single phase)

230V Single phase pumps

Totally enclosed fan cooled (TEFC) permanent magnet motor design

Self-priming up to 2.4M above water level

Includes Unions. Includes both 40mm and 50mm union tails

Better Filtration, the filter can often remove smaller particles when the water moves slower

Extended-life Viton pump seal provides improved resistance against chemical imbalances

Easy basket viewing thanks to the Lexan see-through cover

Programmable digital interface with 24-hr clock, and up to 8 custom timer functions
