Specs/General Info:

Max flow rate of approximately 97 GPM

Designed to be a direct replacement for many standard inground pumps, including the Pentair SuperFlo 115/230V dual-voltage motor

durable, corrosion-proof thermoplastic body

Super-sized square pump strainer basket with swing-open lid knobs for easy basket access

Advanced airflow ventilation system for cooler motor operation at lower amps

Has convenient drain plug for winterization

2-inch union connectors (can be reduced to 1.5 inches)

Meets or exceeds all CSA & ETL requirements

This item is not eligible to ship to California.
