**Specs/General Info:**

- For inground pools up to 47,040 gallons (operates at 98 GPM)
- 7 position Vari-Flo control valve with lever-action handle to easily dial any of the valve/filter functions
- Full-size internal piping provides smooth, free-flowing performance
- Unitized, corrosion-proof filter tank molded of rugged, colorfast reinforced thermoplastic
- Precision engineered umbrella-fold self-cleaning laterals for balanced flow and backwashing
- Integral sight glass lets you see when backwash cycle is completed
- Large pressure sand/water drain for rapid winterizing or servicing
- Flange clamp design allows 360° rotation of valve to simplify plumbing
- Uses 500 lbs #20 Silica Sand (#5451), 250 lbs Zeo Sand (#4429), or 15 lbs Aqualoon (#7832)
- Maximum operating pressure: 50 psi
- **31" Sand filter ships by truck (5-7 business days).**
